Where international, state, and/or county boundaries coincide, the map shows  
the boundary symbol for only the highest-ranking of these boundaries.  
1 A "1" following a place name indicates that the place is also a false MCD.  
2 In 1990, the census-of-vessels population of ships at sea was allocated to  
census tracts with a "99" suffix. An anchor symbol appeared on the 1990  
maps locating a census-of-vessels tract. These maps show a very small area  
symbolized as a census tract with the census tract number shown near the  
area.
